

Created in 2004, the Hainaut Film Office (BATCH), first of its kind in Wallonia, aims to support and to make easier shooting and audiovisual activities in Hainaut. He puts his expertise to the filmmakers and offering numerous services to the film industry's current needs.

The BATCH supports any production's type (short and long movies, TV films, documentaries, ads, video clips, series and TV shows ). Whatever its economical or artistic dimensions.

It deals with about 120 production files a year, all formats taken into account. More than 4000 film sets have been referenced on the whole territory. It's a model of development of a transversal action on several levels: culture, tourism, economy, technical and administrative management.
