

AERIAL SHOTS

The ATLA 8 drone by AERIAL SHOTS is the only UAV accredited in Belgium and Luxembourg to fly over any zone, including Brussels city hyper centre.

The ATLA is equipped with a MOVI PRO nacelle fitting ALEXIA MINI - RED - SONY that can be set UNDER or ABOVE the flying structure (maximum load 9.1 kg - 15' flight)

Additionally, AERIAL SHOTS also offers a fleet of lighter or more specific drones matching the various film making requirements.

AERIAL SHOTS is operated by HELI & CO, Belgian leader of helicopter air filming, based in LIEGE AIRPORT. AERIAL SHOTS guarantees a perfectly secure operating and administrative environment.

Pilots, cameramen and drones work in strictly legal conditions. AERIAL SHOTS handles authorization requests to the Belgian civil flying authorities (DGTA).
